

Employee Benefits Advisor

Helping you get the most from your benefit plans.

Blue Cross Blue Shield of Massachusetts'

◆ Mail Service Prescription Program

As your benefits advisor, RSI wants to ensure that you are getting the most from your health plan. One important program is the mail-order service for prescription drugs. If you are prescribed any medications on a long-term basis, then there are two advantages to this program:

- 1) Savings through lower copays, and
- 2) Convenience of having a 90-day supply delivered to your home.

To get started with the Mail Service Program:

- ◆ Ask your doctor to prescribe your medications for a 90-day supply, plus refills. You will need a new prescription for any medications you are already taking on a long-term basis.
- ◆ Complete an order form for each member of your family who is submitting a prescription. To download a form, go to the following web address:
http://www.bluecrossma.com/common/en_US/pdfs/PatientProfile.pdf
- ◆ Mail your form to Express Scripts, P.O. Box 1086, Bensalem, PA 19020-9380.

If you have any questions regarding the mail order program or your medications, you can contact Express Scripts at 1-800-892-5119. A representative can determine if the drugs you are taking qualify for the mail-order service, and in addition answer any other questions about your medications.

If you have any questions about this topic please contact your RSI Benefit Service Specialist at 1-800-394-6111.
