UnitedHealthcare's

◆ Home Delivery Pharmacy Service

Anyone who is taking medications on an ongoing basis should consider the benefits of a home delivery pharmacy program. UnitedHealthcare has formed a partnership with Medco Health, a pharmacy management company, to administer this convenient and cost-effective benefit.

Advantages to ordering maintenance drugs through the home delivery program include:

- ◆ Lower copays than if the medications had been filled at a retail pharmacy.
- ◆ Convenience of receiving the medications delivered to your doorstep with no shipping fees.
- ◆ Flexibility of receiving a 90-day supply of medication (with up to 4 refills).
- ◆ Access to registered pharmacists 24 hours a day to answer any questions about prescribed medications and potential interactions.
- ◆ Ability to order refills via the internet, phone, or mail.

To get started with UnitedHealthcare's home delivery program, you can either logon to www.myuhc.com, or call the toll-free customer service number located on your ID card. By ordering your medications through this program, you will experience savings in both time and money.

If you have any questions about this topic please contact your RSI Benefit Service Specialist at 1-800-394-6111.
